FOOD DYES MIGHT BE DOING MORE THAN JUST MAKING OUR GROCERIES MORE THAN JUST COLORFUL. ACCORDING TO THE CENTER FOR SCIENCE IN THE PUBLIC INTEREST, OR CSPI, THOSE DYES COULD CONTAIN CANCER-CAUSING CHEMICALS. MANY OF THE DYES SEEM TO HAVE CAUSED CANCER IN ANIMAL LAB TESTS, AND THE GROUP IS ENCOURAGING THE FDA TO BAN THE DYES FROM OUR SUPERMARKET SHELVES. RED 40, YELLOW 5, AND YELLOW 6 ARE TERMS MAY NOT MEAN MUCH TO MANY CONSUMERS, BUT THEY ARE THREE FOOD DYES THAT ARE CURRENTLY APPROVED, AND ACCOUNT FOR 90 PERCENT OF THE FOOD DYES USED IN THE MARKET TODAY. BUT, THE CSPI SAYS THE DYES COULD CAUSE CANCER, ALONG WITH ALLERGIES AND HYPERACTIVITY IN KIDS. RED 40 CAN OFTEN BE FOUND IN MANY SALAD DRESSINGS, AND YELLOW 5 CAN BE SEEN IN A HOST OF DIFFERENT BREAKFAST CEREALS. WHILE NOT ALL THE DYES HAVE BEEN PROVEN TO BE HARMFUL, THE CSPI ARGUES THAT THE SYNTHETIC CHEMICALS IN DYES OFFER NO NUTRITIONAL VALUE IN FOOD SUPPLY AND THEY ONLY CAUSE UNNECESSARY RISK.

CAREGIVER, MERCY NONGONGO RUNS A SMALL SOUP KITCHEN FROM A TINY SHACK. SHE BUYS THE INGREDIENTS WITH HER OWN MONEY AND MAKES SURE THAT TB PATIENTS HAVE SOMETHING TO EAT BEFORE TAKING THEIR MEDICINE. THEY KNOW THAT THE WORK I'M DOING IS GOING TO HELP THEM. THEY BELIEVE IN ME. TUBERCULOSIS HAS A FIRM GRIP ON THE TOWNSHIP OF KHAYELITSHA ON THE OUTSKIRTS OF CAPE TOWN. PATIENTS AT THE COMMUNITY CLINIC SAY DESPITE BEING SICK, THEY ARE HOPEFUL. THE CLINIC HAS SEEN AN INCREASE IN THE NUMBER OF PEOPLE WITH MULTI-DRUG-RESISTANT TUBERCULOSIS OR MDR TB. THIS YOUNG MAN HAS BEEN DIAGNOSED WITH MDR TB. IT'S A VIRULENT STRAIN THAT CAN OCCUR WHEN PERSON WITH TB FAILS TO COMPLETE THE SIX TO NINE-MONTH COURSE OF MEDICATION, CAUSING THE BODY TO DEVELOP A RESISTANCE TO THE DRUGS-- OR CATCHES TB FROM ANOTHER PERSON WHO IS ILL WITH A DRUG RESISTANT-STRAIN. THE PROBLEM IS THAT IT OFTEN TAKES MORE THAN TWO MONTHS TO DIAGNOSE MDR-TB. IT WOULD BE REALLY GREAT IF WE COULD HAVE A VACCINE - AND IF NOT, THEN AT LEAST BE ABLE TO DIAGNOSE TB AS SOON AS POSSIBLE - PREFERABLY WITHIN THE SAME DAY - SO THAT YOU COME TO THE CLINIC IN THE MORNING, AND LEAVE WITH A DIAGNOSIS. ON THE OTHER SIDE OF TOWN, SCIENTISTS ARE PUSHING AHEAD WITH A GENETIC TEST TO HELP DOCTORS LIKE SIWENDU. THE TEST CUTS THE TIME IT TAKES TO DIAGNOSE MDR-TB FROM 70 DAYS TO TWO DAYS. THEIR WORK DOVETAILS WITH RESEARCH AT THE SOUTH AFRICAN TUBERCULOSIS VACCINE INITIATIVE, THE LARGEST TB TESTING SITE IN THE WORLD. HERE RESEARCHERS BELIEVE THEY'RE EDGING CLOSER TO DEVELOPING VACCINES THAT COULD PREVENT TUBERCULOSIS. I THINK THE PROSPECTS ARE GOOD. THERE ARE A LOT OF PLAYERS THAT HAVE COME IN - AND THERE'S A LOT OF SUPPORT FROM ORGANISATIONS SUCH AS THE WHO...I THINK THAT CREATES A GOOD ENVIRONMENT WHERE PEOPLE CAN WORK AND MAKE PROGRESS IN GETTING TOGETHER A NEW VACCINE. WHILE RESEARCHERS CONTINUE TO WORK ON VACCINES, THE KEY IS TO RAISE AWARENESS AROUND TREATING TUBERCULOSIS. NO-ONE TODAY NEED DIE OF TB. NO CHILD SHOULD SEE THE LIFE OF A MOTHER OR FATHER DESTROYED BY A DISEASE THAT IS COMPLETELY CURABLE. WE NEED TO CHALLENGE GOVERNMENTS, DECISION-MAKERS AND COMMUNITY LEADERS TO STAND TOGETHER TO FIGHT TB AND EVENTUALLY WIPE OUT THIS DEVEASTATING DISEASE. MAKING

THAT DIFFERENCE WOULD HELP PEOPLE LIKE GLADYS JAXA, WHO HAS MDR-TB. SHE'S DEPENDENT ON CAREGIVERS LIKE MERCY WHO BRING HER MEDICATION. IT'S VITAL THAT SHE COMPLETES THE COURSE OF UP TO TWO YEARS OF PILLS AND INJECTIONS. IF GLADYS LAPSES, SHE COULD INFECT TEN TO FIFTEEN PEOPLE A YEAR, ONE OR TWO OF WHOM MAY DEVELOP FULL BLOWN TB OR MDR-TB. BUT WHILE THE MEDICATION CAN BE UNPLEASANT, GLADYS IS ALREADY NOTICING THE DIFFERENCE IT MAKES. BEFORE THE TREATMENT I COULDN'T EVEN WALK....I WAS HOPELESS. NOW AFTER TREATMENT, I CAN EVEN GO TO THE TOILET, I CAN GO TO THE SHOP, I CAN DO LITTLE THINGS. WHILE RESEARCHERS PLAY A CRITICAL ROLE, ON THE GROUND, MERCY AND HER HELPERS ARE DOING WHAT THEY KNOW BEST - PULLING TOGETHER FOR THEIR PEOPLE. THEY SUPPORT EACH OTHER AND REMAIN HOPEFUL AS THEY TACKLE THE DISEASE HEAD-ON.

IT IS A SIMPLE FACT.. OVER HALF OF ALL DEATHS FROM COLON CANCER COULD BE PREVENTED IF ADULTS OVER AGE 50 GOT REGULARLY SCREENED.BUT IT JUST DOESN'T HAPPEN. WHY DO YOU THINK PEOPLE ARE SO RELUCTANT TO DO IT? I THINK THERE'S A CERTAIN STIGMA ATTACHED TO IT IF THEY DON'T TELL YOU TO HAVE ONE YOU DON'T VOLUNTEER FOR THAT KIND OF PROCEDURE (3) SO STATES AND CITIES ARE GETTING AGGRESSIVE -IN UTAH, THEY'RE BOMBARDING RESIDENTS WITH ADS.. MY DAD WAS 58 YEARS OLD. THE CAMPAIGN HAS BOOSTED THE COLONOSCOPY RATE FROM 47% TO 68% IN

JUST FIVE YEARS. IN OREGON AND WASHINGTON . IT'S NAGGING AUTOMATED PHONE CALLS.. IT'S NOT A POLITICAL PITCH INTERRUPTING DINNER. IT'S THIS.. KAISER PERMANENTE RECOMMENDS REGULAR COLON CANCER SCREENING THE CALLS INCREASED SCREENING RATES BY 30%. . YOU CAN USE A VERY INEXPENSIVE AND EFFICIENT METHOD TO REACH MILLIONS. IN DENVER, SOME DOCTORS OFFERED FEMALE PATIENTS - FACIALS, MESSAGES, THEN THE COLONOSCOPY. BUT THE ONE PROGRAM GETTING THE MOST ATTENTION - IN NEW YORK CITY, 18 HOSPITALS LITERALLY HAND-HOLD PATIENTS THROUGH THE COLONOSCOPY PROCESS - ANSWER BASIC QUESTIONS, REMIND THEM ABOUT APPOINTMENTS, HELP THEM DEAL WITH THE COST. THEY'RE CALLED PATIENT NAVIGATORS. MANY TIMES THEY ARE AFRAID, THEY DON'T WANT TO GO THROUGH THE PROCESS. WITHOUT THIS PERSONAL HELP, ONLY 40% OF PATIENTS SHOWED UP FOR THEIR COLONOSCOPIES. NOW 85% DO. IT IS ONE OF THE PROGRAMS THE CDC IS NOW EYEING TO FIGURE OUT WHAT WILL BEST MOTIVATE AMERICANS TO GET THIS LIFE-SAVING SCREENING.

THOUGH IT DOESN'T APPEAL TO ALL MOMS, SOME WOMEN PREFER TO DELIVER THEIR BABIES IN THE PEACE AND COMFORT OF THEIR OWN HOME. ABOUT ONE IN 200 WOMEN IN THE UNITED STATES GIVE BIRTH AT HOME, AND ABOUT 75 PER CENT OF THOSE HOME DELIVERIES ARE LOW-RISK SINGLE BIRTHS THAT ARE PLANNED IN ADVANCE. RESEARCHERS FROM MAINE MEDICAL CENTER ANALYZED DATA FROM MULTIPLE STUDIES REGARDING HOME DELIVERIES VERSUS HOSPITAL DELIVERIES. OVER 500,000 BIRTHS WERE RECORDED. EVIDENCE SHOWED THAT MOMS WHO PLANNED HOME BIRTHS NEEDED LESS MEDICAL INTERVENTION, LIKE PAINKILLERS AND CAESAREAN ELECTIONS. BABIES WERE ALSO LESS LIKELY TO BE UNDERWEIGHT OR PREMATURE WITH A HOME BIRTH. BUT, HOME BIRTHS WERE ASSOCIATED WITH A SIGNIFICANTLY HIGHER INFANT MORTALITY RATE. A LACK OF OXYGEN AND FAILED RESUSCITATION WERE THE LEADING CAUSES OF INFANT DEATH DURING OR AFTER THE HOME DELIVERY. THIS SUGGESTS THAT THE NECESSARY EQUIPMENT MAY NOT BE AVAILABLE IF THE BABY STOPS BREATHING DURING HOME BIRTHS. MIDWIVES AND HOME BIRTH ADVOCATES SAID THAT THE NUMBERS OF WOMEN WHO DELIVER AT HOME ARE STILL LOW, SO IT'S DIFFICULT TO GIVE CONCRETE SOLUTIONS ABOUT THE RESULTS OF THE STUDY.

KYLE FREY WRESTLES FOR DREXEL UNIVERSITY IN PHILADELPHIA. BECAUSE OF THE NATURE OF HIS SPORT HE EXPERIENCES A LOT OF BODY-TO-BODY CONTACT. AND THAT'S A RISK. SKIN DISEASES ARE COMMON IN THE ATHLETIC COMMUNITY. YET, KYLE DIDN'T THINK ANYTHING OF IT WHEN HE DEVELOPED A BUMP ON HIS ARM. HE CASUALLY SCRATCHED IT. THAT WAS A MISTAKE. IT STARTED AS A SMALL PIMPLE ON MY LEFT ARM AND I HAD NOTICED THAT ON SATURDAY, THEN I NOTICED BY MONDAY IT GREW TO THE SIZE OF MY BICEPS. KYLE HAD DEVELOPED A SERIOUS CASE OF MRSA (PRONO: MER-SAH)... A STAPH INFECTION THAT EATS AT YOUR SKIN. HE REQUIRED HOSPITALIZATION AND ANTIBIOTICS UNTIL IT HEALED. ACCORDING TO A RECENT SURVEY, 56 PERCENT OF INFECTIOUS DISEASES IN COMPETITIVE SPORTS, FROM HIGH SCHOOL TO PRO LEVEL, ARE SKIN DISEASES. SOME LIKE MRSA (PRONO: MER-SAH) CAN BE VERY SERIOUS AND VERY CONTAGIOUS. THAT IS WHY THE NATIONAL ATHLETIC TRAINER'S ASSOCIATION RECENTLY RELEASED NEW GUIDELINES THAT WILL HOPEFULLY CUT DOWN ON THE NUMBER OF SKIN ILLNESSES IN THE LOCKER ROOM. THE LESSONS THAT WE LEARN TODAY ARE THE SAME LESSONS WE LEARNED IN OUR SIXTH GRADE HEALTH CLASSES. YOU CAN EASILY ADD MORE STEPS TO YOUR DAY ... BY TAKING THE STAIRS, PARKING FURTHER FROM YOUR BUILDING... OR ADD AN AFTER-DINNER STROLL TO YOUR EVENING ROUTINE. AND A GOOD WAY TO TRACK YOUR PROGRESS IS BY WEARING A Pedometer. WE RECOMMEND Pedometers JUST BECAUSE

THERE IS CLEVELAND CLINIC RESEARCH THAT SHOWS PEOPLE GET TWO-THOUSAND MORE STEPS PER DAY WHEN THEY'RE WEARING A PEDOMETER. ACCORDING TO THE NEW STUDY FROM NORTHWESTERN MEDICINE, THE MORE AN OLDER WOMAN WEIGHS, THE WORSE HER MEMORY IS. AND THE EVIDENCE SHOWED THAT WOMEN WHO ARE PEAR-SHAPED, OR HEAVIER IN THEIR HIPS, ARE MORE AT RISK THAN WOMEN WHO CARRY MORE WEIGHT IN THEIR MIDSECTION. NEARLY 9,000 POST-MENOPAUSAL WOMEN AGED 65 TO 79 WERE PLACED IN A TRIAL THAT EXAMINED THE LINK BETWEEN OBESITY AND BRAIN FUNCTION. RESEARCHERS GAVE EACH PARTICIPANT A MEMORY TEST AND EXAMINED THE WOMEN'S BODY MASS INDEX. AFTER ADJUSTING FOR PERSONAL HISTORY VARIABLES, A WOMAN'S MEMORY DECREASED AS HER BMI INCREASED. AND, HER MEMORY SCORES WERE EVEN LOWER WHEN HER WAIST- TO-HIP RATIO WAS SMALLER. RESEARCHERS SAY DIFFERENT KINDS OF FAT AFFECT A WOMAN'S HEALTH IN DIFFERENT WAYS. PEAR-SHAPED WOMEN MAY BE MORE LIKELY TO HAVE A TYPE OF FAT AROUND THE HIPS THAT RELEASES HORMONES CAUSING INFLAMMATION, WHICH COULD THEN AFFECT COGNITION AND BLOOD FLOW TO THE BRAIN. THE LEAD AUTHOR OF THE STUDY SAID THAT THE NEW LINKS BETWEEN OBESITY AND COGNITION COULD PROVIDE FURTHER GUIDANCE FOR DOCTORS TO HELP THEIR OBESE PATIENTS.

AN UNDERCOVER AGENT WALKS INTO A SMALL CONVENIENCE STORE IN TAMPA. WEARING A RECORDING DEVICE, SHE APPROACHES THE CASHIER WITH A DEBIT CARD. CAN I GET ONE HUNDRED BACK OFF THIS? WHILE THEY'RE NEGOTIATING, SHE PICKS UP SOME CHIPS, SODA AND CIGARETTES. SHE PRESSES THE CLERK. WHAT DO YOU WANT? I WANTED ONE HUNDRED BACK. THE CLERK TURNS OVER THE HUNDRED BUCKS AND THE AGENT LEAVES WITH THE CASH AND THE GOODS. OK, UC'S OUT. SMALL BAG IN HER HAND. WHAT THE STORE CLERK JUST DID, FLORIDA DEPARTMENT OF LAW ENFORCEMENT OFFICIALS SAY IS ILLEGAL. AND THEY SAY, YOU SHOULD BE OUTRAGED. IT'S DIRECTLY STEALING FROM THE TAXPAYERS OF THE UNITED STATES. THE DEBIT CARD THE UNDERCOVER AGENT USED IS CALLED AN ELECTRONIC BENEFIT TRANSFER CARD OR E-B-T WHICH CAN ONLY BE USED TO PURCHASE FOOD. IT'S MORE COMMONLY KNOWN BY ITS OLD NAME: FOOD STAMPS. SEE, WHAT THEY DO IS THEY CHARGE THE U.S. GOVERNMENT 212 DOLLARS AND TWO CENTS. E-B-T FOOD BENEFIT, FOOD BALANCE, ALL THAT. AND THEY GIVE US 100 DOLLARS IN CASH, CIGARETTES AND CHIPS, FOR 212 DOLLARS. BOTTOM LINE. THERE'S NO REQUIREMENT TO ITEMIZE THE RECEIPT. SO, THE CONVENIENCE STORE MADE ONE HUNDRED DOLLARS OF YOUR TAXPAYER MONEY. THE RECIPIENT, THE UNDERCOVER AGENT, GOT CASH BACK, ALSO ILLEGAL. AUTHORITIES TARGETED THIRTY STORES IN THE STATE OF FLORIDA. AT 16 THEY WERE ALLOWED TO USE THE E-B-T CARDS. AT MULTIPLE STORES, THE CASH FROM THOSE E-B-T CARDS WAS USED TO PURCHASE LOTTERY TICKETS. AND AT ONE STORE AGENTS USED THE CARD TO BUY THE PRESCRIPTION DRUG OXYCODONE. IF YOU THINK THAT'S OUTRAGEOUS LISTEN TO THIS TRANSACTION AT A DRIVE-THROUGH STORE CALLED BIG DADDY'S. LOOKS LIKE WAYNE'S THE CLERK. IT LOOKS LIKE HE MIGHT HAVE SHAVED HIS BEARD. IT WAS ONE OF THE STORES TARGETED BECAUSE IN JUST THE MONTH OF DECEMBER, IT DID 34 THOUSAND DOLLARS IN E-B-T TRANSACTIONS COMPARED TO ONE THOUSAND DOLLARS AT COMPARABLE STORES THAT SAME MONTH. HERE THE AGENTS DIDN'T GET MONEY BACK BUT THEY GOT BEER, CIGARETTES AND THIS... YOU HAVE ANY TROJANS IN THERE? HUH? TROJANS. YEAH. I GOT THESE. CAN I HAVE A THREE PACK? JUST GIVE ME TWO OF THOSE. HERE YOU GO. WEDNESDAY, FOLLOWING A THREE MONTH INVESTIGATION, STATE AGENTS HIT THE 16 TARGETED STORES ACROSS FLORIDA. AT BIG DADDY'S, THREE PEOPLE WERE TAKEN INTO CUSTODY, THE OWNER AND TWO EMPLOYEES. NONE OF THEM WOULD COMMENT FOR CNN AT THE SCENE. AUTHORITIES BELIEVE DURING THE PAST YEAR, THE 16 STORES ALONE DEFRAUDED TAXPAYERS OF THREE AND A HALF MILLION DOLLARS. IF YOU MULTIPLY IT NATIONWIDE, I CAN'T GIVE YOU AN ACCURATE

NUMBER, BUT IT HAS TO BE IN THE BILLIONS OF DOLLARS. THE U-S-D-A WHICH ADMINISTERS THE PROGRAM SAYS NATIONWIDE, 38 MILLION PEOPLE BENEFIT FROM THE SUPPLEMENTAL NUTRITION PROGRAM. IT ESTIMATES ONE PERCENT OF THE 50 BILLION DOLLARS IN E-B-T FUNDS WERE LOST TO FRAUD IN 2009. AUTHORITIES IN FLORIDA SAY THE NEXT PHASE OF THEIR OPERATION WILL TARGET PEOPLE USING THE CARDS ILLEGALLY RATHER THAN FOR WHAT THEY WERE INTENDED: FOOD TO PUT ON THE TABLE.

THE STUDY ANALYZED DATA OF OVER 2,500 PEOPLE FROM THE NATIONAL HEALTH AND NUTRITION EXAMINATION SURVEY. IN VARIOUS GROUPS STUDIED, THE RATE OF HIGH BAD CHOLESTEROL RANGED FROM SEVEN TO 26 PERCENT IN YOUNG ADULTS. BAD CHOLESTEROL IS A COMMON RISK FACTOR FOR CORONARY HEART DISEASE, BUT IT CAN BE MANAGED BY EATING A HEALTHY DIET, EXERCISING, AND MAINTAINING A HEALTHY WEIGHT. IT CAN ALSO BE TREATED WITH MEDICATION IF NEEDED. CHOLESTEROL IS A WAXY, FAT-LIKE SUBSTANCE THAT IS FOUND IN THE BODY AND MANY FOODS. TOO MUCH CHOLESTEROL CAN CAUSE PLAQUE IN THE ARTERIES, AND WHEN THE PLAQUE IS TOTALLY BLOCKING AN ARTERY, A HEART ATTACK OCCURS. APPROXIMATELY 55 PERCENT OF AMERICAN YOUNG ADULTS HAVE AT LEAST ONE RISK FACTOR FOR CORONARY HEART DISEASE, WHETHER IT IS HIGH BLOOD PRESSURE, SMOKING, FAMILY HISTORY, OR OBESITY. THERE ARE GENERALLY NO SYMPTOMS OF HIGH CHOLESTEROL, WHICH IS WHY EXPERT SAY IT'S SO IMPORTANT TO GET SCREENED.

DOES AIR TRAVEL PUT STRESS ON THE HEART? ACCORDING TO A NEW GUIDELINES DRAWN UP BY THE BRITISH CARDIOVASCULAR SOCIETY, AIR TRAVEL HAD NO "SIGNIFICANT THREAT" TO CARDIOVASCULAR HEALTH. BUT HERE'S WHAT THEY DID FIND. THE NEW RECOMMENDATIONS PUBLISHED IN THE JOURNAL, HEART, NOTED THE MAIN PHYSICAL IMPACT OF AIR TRAVEL IS BREATHING IN AIR WITH REDUCED OXYGEN. THIS CAN LOWER CIRCULATING OXYGEN LEVELS IN THE BLOOD IN A PRESSURIZED ENVIRONMENT, SUCH AS A PLANE. TRADITIONALLY PHYSICIANS BELIEVED THAT PASSENGERS ALREADY AT HIGH RISK OF ANGINA, HEART ATTACK, HEART FAILURE OR ABNORMAL HEART RHYTHMS, MAY BE ADVERSELY AFFECTED, BUT RESEARCHERS FOUND BLOOD OXYGEN LEVELS INDUCED BY FLYING "APPEAR TO HAVE LITTLE OR NO ADVERSE EFFECTS ON THE CIRCULATORY SYSTEM, ESPECIALLY DURING SHORT AND MEDIUM-LENGTH FLIGHTS. THE GUIDELINES ALSO NOTED A PACEMAKER DOES NOT PROHIBIT FLYING, AND WHILE LONG FLIGHTS DOUBLE THE RISK OF DEEP VEIN THROMBOSIS, THE RISK IS SIMILAR TO THAT WHEN A PERSON IS IN A CAR, BUS OR TRAIN FOR A SIMILAR PERIOD OF TIME. BUT THE REPORT SAYS OTHER AIRPORT STRESSES, SUCH AS SECURITY MEASURES, LUGGAGE WOES, MIXED-UP FLIGHT SCHEDULES AND THE THREAT OF TERRORISM COULD HAVE AN IMPACT ON THOSE WITH HEART PROBLEMS.

A MEDICAL BREAKTHROUGH IN DALLAS. FOR YEARS, EFFORTS TO STORE FAT HAVE FAILED. BUT, A DOCTOR IN DALLAS HAS DEVELOPED A SUCCESSFUL TECHNIQUE THAT WILL GIVE THE MEDICAL COMMUNITY A NEW TOOL.SHELLY SLATER REPORTS IT'S ALSO GIVING NEW HOPE TO A YOUNG PATIENT. FOR 12 YEARS, TIMOTHY MULDOON HAS SPENT MUCH OF HIS LIFE UNDER THESE LIGHTS.BORN WITH BIRTH DEFECTS, DOCTORS WEREN'T OPTIMISTIC FROM THE START. WHEN HE WAS FIRST BORN, WE SAID HE WAS OUR MIRACLE BABY, BECAUSE WHEN I WAS SEVEN MONTHS PREGNANT, I WAS TOLD THAT HE WOULDN'T SURVIVE. BUT SCIENCE AND FAITH WERE ON HIS SIDE.THIS IS TIMOTHY'S FOURTH SURGERY FOR DOCTORS TO CREATE HIS NOSE. DR. DAVID GENECOV, MEDICAL DIRECTOR OF BIOLIFE CELL BANK IN DALLAS, TAKES FAT FROM TIMOTHY'S BODY TO BE USED LATER TO RE-CONSTRUCT PART OF HIS CHEEK AND HIS NOSE.HE MAY GET BIGGER, AND THE VAST MAJORITY OF THESE KIDS REQUIRE REPETITIVE PROCEDURES AS THEY GROW TO GIVE THEM SOME SORT OF SYMMETRY AND BALANCE. AND THAT'S WHY DR. GENECOV WILL BE ABLE TO FOR THE FIRST TIME BE ABLE TO STORE TIMOTHY'S FAT FOR YEARS TO COME. HE JUST OPENED THE FIRST FAT BANKING CENTER IN THE COUNTRY USING A NEW SYSTEM.THAT WAY WHEN TIMOTHY HAS ANOTHER PROCEDURE, HE WON'T NEED AN EXPENSIVE AND EXHAUSTING OPERATION AGAIN; JUST A VIAL OF HIS OWN FAT.HERE'S HOW THAT WORKS. THE FAT IS STORED HERE. DR. GENECOV'S TEAM CLEANS THE FAT AND ADDS THREE FLUIDS BEFORE FREEZING EVERYTHING FLAT IN METAL STORAGE CONTAINERS. THE FAT IS STORED AT A TEMPERATURE OF NEGATIVE 180 DEGREES BELOW ZERO UNTIL NEEDED.WHEN YOU UNFREEZE THE FAT, IT'S GOT TO BE ALIVE AND IT'S GOT TO BE ACTIVE, AND IT'S GOT TO BE FUNCTIONAL FAT. OTHERWISE IT JUST TURNS INTO SCAR. MANY OTHER METHODS TO STORE FAT HAVE BEEN UNSUCCESSFUL, BUT AFTER YEARS OF RESEARCH, THIS SYSTEM IS GETTING ATTENTION.

THERE ARE OTHER CENTERS IN THE U.S. AND EVEN IN JAPAN LOOKING TO SEE HOW THIS GOES, BECAUSE SUCCESSFUL FAT STORAGE IS MORE COMPLICATED THAN IT SOUNDS. TISSUES ARE MUCH MORE DIFFICULT TO STORE BECAUSE THERE'S A LOT OF DIFFERENT CELLS IN THERE. TIMOTHY IS DR. GENECOV'S FIRST PATIENT TO HAVE HIS FAT STORED AWAY. TECHNICIANS CAN ALSO REMOVE AND FREEZE STEM CELLS FROM HIS FAT TO BE USED AT A LATER DATE. THIS IS GOING TO BE HIS WAY OF LEAVING HIS MARK ON THE WORLD, HE IS BEING THE FIRST TO HAVE THIS DONE. SOMETHING THAT MAKES HIM FEEL GOOD ABOUT HIMSELF. SPECIAL AND WARM INSIDE. THERE IS NOTHING BETTER THAN TAKING A YOUNG PERSON WITH FACIAL DIFFERENCES, AND HELP THEM GROW AND MATURE AND OVERCOME THAT BOTH PHYSICALLY, EMOTIONALLY AND SOCIALLY. BY STORING HIS FAT, DR. GENECOV HOPES TIMOTHY'S NEXT VISIT WILL BE MORE ROUTINE, AS HE TRANSFORMS INTO A YOUNG TEENAGER THAT SOME DOCTORS NEVER IMAGINED HE COULD BE.

OLDER ADULTS WHO EAT FATTY FISH, LIKE SALMON AND MACKEREL, MAY HAVE A LOWER RISK OF SERIOUS VISION LOSS FROM AGE-RELATED MACULAR DEGENERATION, OR AMD. AMD, WHICH USUALLY AFFECTS OLDER ADULTS AND DOES NOT HAVE A CURE, RESULTS IN A LOSS OF VISION BECAUSE OF DAMAGE TO THE RETINA. AROUND 1.75 MILLION AMERICANS HAVE BEEN DIAGNOSED WITH AMD, AND IT IS THE LEADING CAUSE OF BLINDNESS IN WHITES. ALTHOUGH THE STUDY DOES NOT PROVE THAT EATING FISH CUTS THE RISK OF DEVELOPING AMD, IT DOES PROVIDE FURTHER EVIDENCE THAT REGULAR FISH EATERS TEND TO HAVE LOWER RATES OF AMD THAN PEOPLE WHO DO NOT EAT FISH. RESEARCHERS AT JOHNS HOPKINS UNIVERSITY ANALYZED DATA FROM OVER 2500 ADULTS AGED 65 TO 84. THEY FOUND A CONNECTION BETWEEN A HIGH INTAKE OF OMEGA-3 FISH AND THE ODDS OF ADVANCED AMD. THOUGH, IT WAS UNCLEAR WHY EATING FISH SEEMED TO LOWER THE RISK OF ADVANCED AMD, BUT NOT EARLIER STAGES OF THE DISEASE. THE AMERICAN HEART ASSOCIATION ALREADY RECOMMENDS THAT ADULTS EAT FATTY FISH AT LEAST TWICE A WEEK FOR HEART HEALTH BENEFITS.

AND ALSO PSEUDOMONAS, THE CULPRIT BEHIND SWIMMERS EAR. "THE THING THAT USUALLY LURKS ARE BACTERIA RELATED TO HUMAN WASTE." SPENCER HAMPY A CERTIFIED MICROBIAL CONSULTANT SPENDS HIS DAYS INVESTIGATING HOMES AND POOLS FOR ICKY MICROBES. WE TEAMED UP WITH HIM AND WENT UNDERCOVER TO CHECK THE CLEANLINESS OF THREE ADULT POOLS - AND TWO KIDDIE POOLS. STEP NUMBER ONE... OUR INTERN CAREFULLY GATHERS WATER SAMPLES... STEP TWO ... SPENCER IMMEDIATELY TESTS THE WATER TO MAKE SURE THE CHLORINE AND SANITIZERS ARE DOING THEIR JOB. STEP THREE- WE SEND THE REST OF THE WATER TO THE LAB TO TEST FOR BACTERIA INDICATORS OUR FIRST STOP IS AN INDOOR FACILITY WE WILL CALL POOL #1. WE ARRIVED EARLY IN THE DAY AND THERE WERE JUST A FEW SWIMMERS IN THE POOL. SPENCER'S INITIAL TESTS LOOKED GOOD. [SOT: SPENCER HAMPY // OASIS INDOOR ENVIRONMENTAL, INC. THE SANITIZERS IN THAT CHLORINE ARE DOING THEIR JOB. BASED ON THIS INFORMATION, I DON'T EXPECT TO FIND ANY BACTERIA." AND SPENCER IS RIGHT. ACCORDING TO THE FOLLOW UP LAB TEST, THERE WERE NO INDICATORS OF BACTERIA. POOL #1 IS CLEAN AND SAFE FOR SWIMMERS. NEXT, FACILITY NUMBER 2. FIRST, WE TESTED THE KIDDIE POOL BECAUSE THEY'RE NOTORIOUS FOR BEING GERMY. WE FOUND IT WAS ACTUALLY OVER-CHLORINATED. TOO MUCH CHLORINE CAN BE A SKIN AND BREATHING IRRITANT. OUR FOLLOW UP LAB TESTS SHOWED BOTH THE KIDDIE AND MAIN POOLS THERE WERE FREE OF BACTERIA INDICATORS. FACILITY NUMBER TWO IS CLEAN. POOL NUMBER THREE IS ANOTHER STORY. WE ARRIVED EARLY IN THE AFTERNOON AND FOUND A BUSY KIDDIE POOL THAT SHARED WATER WITH A MAIN POOL. OUR ON-THE- SPOT TESTS REVEALED THE CHLORINE LEVELS IN BOTH POOLS WERE ABOUT HALF WHAT THEY SHOULD BE. [SOT: SPENCER HAMPY // OASIS INDOOR ENVIRONMENTAL, INC. IT'S AN INDICATOR THAT THE SANITIZERS AREN'T REALLY ABLE TO DO THEIR JOB. RIGHT AGAIN. OUR DETAILED FOLLOW UP TESTS FOUND INDICATORS OF HARMFUL BACTERIA IN BOTH POOLS -- 445 CELLS PER LITER OF WATER IN THE ADULT POOL AND 2,351 IN THE KIDDIE POOL -WHEN THERE SHOULDN'T BE ANY AT ALL. AND REMEMBER, THESE LEVELS INDICATE HUMAN WASTE CONTAMINATION. [SOT: SPENCER HAMPY // OASIS INDOOR ENVIRONMENTAL, INC. "IT'S ALARMING THAT A PUBLIC POOL WHERE YOU'RE SUPPOSED TO KEEP THESE THINGS MAINTAINED DILIGENTLY WAS ALLOWED TO GET ITS LEVELS SO LOW THAT THAT MUCH BACTERIA WAS STARTING TO GROW." COMING SOON TO PRO FOOTBALL LOCKER ROOMS: A "MUST READ" FOR PLAYERS: THE RISKS FROM CONCUSSIONS, INCLUDING DEPRESSION AND THE EARLY ONSET OF DEMENTIA, AND A WARNING THAT CONDITIONS FROM REPEATED BRAIN INJURY CAN CHANGE YOUR LIFE AND YOUR FAMILY'S LIFE FOREVER. IT'S THE NFL'S CLEAREST WARNING YET TO PLAYERS WARNING TO GET CHECKED IF THEY HAVE A CONCUSSION AND NOT KEEP PLAYING. BUT WHY DID IT TAKE SO LONG? A NEUROSURGEON NEWLY APPOINTED AS CO-CHAIRMAN OF AN NFL COMMITTEE TO STUDY CONCUSSIONS SAYS THE SCIENCE WAS LAGGING. YES, I WISH IT WERE DIFFERENT YEARS AGO. BUT THE SCIENCE JUST WASN'T THERE. IT'S THERE. IT'S BEEN THERE FOR THE PAST YEAR OR SO, AND IT'S OUR DUTY TO GET IT OUT THERE AS SOON AS IT COMES OUT; YOU KNOW, INTERPRET WHAT'S IN THESE MEDICAL JOURNALS FOR THE PLAYER ON THE GROUND. THE NFL HAS COME UNDER INCREASING PRESSURE IN RECENT YEARS AS RETIRED PLAYERS GO PUBLIC WITH THEIR STORIES. ONE OF THEM: FORMER NEW ENGLAND PATRIOTS LINEBACKER TED JOHNSON TOLD CNN IN 2009 THAT AFTER HIS RETIREMENT, HE FOUND IT DIFFICULT TO LEAVE HIS HOUSE FOR TWO YEARS. HE'S BEEN TREATED FOR PROBLEMS LINKED TO HEAD INJURIES HE SUFFERED. BY HIS COUNT, HE SUFFERED SEVERAL DOCUMENTED CONCUSSIONS AND MORE THAN 100 MILD ONES. WHEN I PLAYED FOOTBALL, I TORE BICEPS, BOTH SHOULDERS; HAD A BROKEN FOOT. I KNOW THE DANGERS OUT THERE FROM THAT ASPECT. BUT I DIDN'T KNOW WHAT I WAS DOING TO MY BRAIN. EVERY TIME I WAS GETTING A CONCUSSION OVER AND OVER AND OVER AGAIN, I DIDN'T KNOW WHAT THE LONG TERM EFFECTS WERE. CONGRESS HAS ALSO FOCUSED ITS ATTENTION ON THE ISSUE, WITH THE NFL COMMISSIONER TESTIFYING LAST OCTOBER. A KEY CONGRESSIONAL CRITIC, DEMOCRAT ANTHONY WEINER, SAYS THE NFL'S NEW WARNINGS ARE A STEP IN THE RIGHT DIRECTION AFTER WHAT HE CALLS A SORDID PAST. I THINK TO SOME DEGREE THEY SAW THESE PLAYERS AS BEING EXPENDABLE AND IT WAS MORE IMPORTANT TO GET AN INJURED PLAYER BACK ON THE FIELD THAN IT WAS TO PRESERVE THEIR LONG TERM PROSPECTS BY HAVING A GOOD HEAD ON THEIR SHOULDERS. THAT'S UNFORTUNATE. NOW, I THINK THE NFL REALIZES THEY HAD A PROBLEM. I THINK THEY'VE STARTED TO CHANGE THEIR APPROACH, BUT THEY'RE STILL NOT THERE 100 PERCENT. PART OF THE NFL'S MESSAGE TO ITS PLAYERS IS THAT YOUNG ATHLETES ARE TAKING THEIR CUE FROM THEM. THE NFL COMMISSIONER HAS MADE A PUSH IN 44 STATES TO ENACT A LAW THAT WOULD REQUIRE YOUNG ATHLETES TO BE PULLED FROM THE FIELD IF THEY'RE SUSPECTED OF SUFFERING A CONCUSSION. THEY WOULDN'T BE ALLOWED TO RETURN UNLESS THEY ARE CHECKED AND CLEARED BY A LICENSED MEDICAL PROFESSIONAL.
